

SUPER SRV™

***INDUSTRIAL STRENGTH SEPTIC & RV MAINTENANCE TREATMENT
POWERFUL SEPTIC AND WASTE DEGRADER SAVES TIME & MONEY
Keeps working long after you're done!***

PRODUCT DATA SHEET

Product Number: 4-4740, 4-4741

Package Size: 50 lb drum, 1 LB [4/CASE] or [12/CASE]

General Product Description: EATOILS™ SUPER SRV™ INDUSTRIAL STRENGTH SEPTIC & RV MAINTENANCE TREATMENT is a ready to use fast acting formula that: 1) accelerates the digestion of organics, including greases, fats & oils, proteins, starch & carbohydrates, and cellulose, in residential and commercial waste water, 2) destroys odor causing molecules, and 3) clears drain lines of grease buildup and other natural drain clogging materials.

Product Applications: EATOILS™ SUPER SRV™ INDUSTRIAL STRENGTH SEPTIC & RV MAINTENANCE TREATMENT is a versatile, maintenance and treatment product that provides **superior results** for dosing septic maintenance & portable toilet systems. It is an ideal **environmentally safe** odor reducing treatment for use in household, institutional, and industrial applications. The microbial content of EATOILS™ SUPER SRV™ INDUSTRIAL STRENGTH SEPTIC & RV MAINTENANCE TREATMENT can decompose the organic greases and buildup in drain lines, and reduce the odor causing components of most smelly environments.

Microbial Content: EATOILS™ SUPER SRV™ INDUSTRIAL STRENGTH SEPTIC & RV MAINTENANCE TREATMENT contains a blend of naturally occurring, non-pathogenic, waste degrading microorganisms (microflora) that can degrade a wide range of organic components and odor causing molecules. The non-pathogenic waste degrading strains of microorganisms are of the genus Bacillus and cause the degradation of waste and odor causing molecules through biological conversion and activity.

Features of EATOILS™ SUPER SRV™ INDUSTRIAL STRENGTH SEPTIC & RV MAINTENANCE TREATMENT:

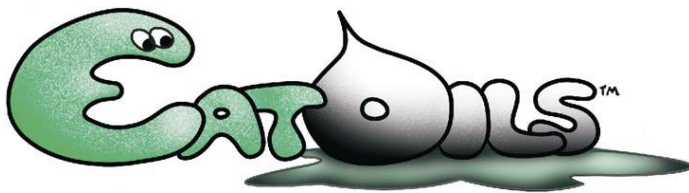

- ⌚ **Reduces frequency of pumping and helps keep septic systems trouble free**
- ⌚ **Degrades tissue, detergents, grease, fats & oils**
- ⌚ **Kills odors in septic systems and drain lines**
- ⌚ **Ideal for maintaining healthy bacterial activity in high usage septic systems**
- ⌚ **Reduces organic loading to septic drain field**
- ⌚ **Enhances biodegradation on all surfaces when used as recommended.**
- ⌚ **Safe to use – contains no harmful ingredients – CFIA & GREENER-CHOICE™ APPROVED.**

PRODUCT DATA SHEET CONTINUED

Operational Temperature Range: The beneficial bacteria strains included are able to sustain growth on a variety of organic sources from a low temperature of 3° C. (38° F.) to a high of 63° C. (145° F.).

Physical Properties:

Appearance:	tan coloured powder
Salmonella/Shigella	Negative
pH @ 25° C :	not available
Bacterial pathways:	Aerobic & Facultative Anaerobic
High Enzyme production:	Lipase/Protease/Amylase/Cellulase

Ingredients: All ingredients are listed on the Canadian Domestic Substances List (DSL). All ingredients in our EATOILS™ Products are classed as G.R.A.S. (Generally Regarded As Safe) and are not considered to be hazardous to the environment and human health. **CFIA AND GREENER-CHOICE™ APPROVED.**

Label Instructions: Mix the required amount with water so it can flow easily: **60-120 g/ .5 L (2-4 oz/ pint).** For septic applications:- 1) residential (up to 1000 gal tank) 15-30 g (1/2 - 1 oz) per month, 2) commercial (1000+ gal tank) 240-360 g (8-12 oz) per week. For Portable Toilet applications, RV's, Marine holding tanks, etc.: 60-120 g (2-4 oz) per treatment – treat weekly or as conditions warrant (heat, odor, or high usage will warrant more frequent treatments) – in liquid systems one treatment per 20 L (5 gallons) of water.

Storage Requirements: Do not store in temperatures exceeding 90° F or below freezing. Store in a cool, dry place. Wash hands thoroughly, with warm soapy water after contact. Avoid eye and skin contact. Avoid inhalation.
