

SUPER DEGREASER™

EQUIPMENT & MARINE DEGREASER / PARTS WASHING SOLUTION
Keeps working long after you're done!!

PRODUCT DATA SHEET

Product Number: 4-4720, 4-4721

Package Size: 208.9 L (55 US GAL), 18.9 L (5 US GAL) PAIL, 3.78 L (1 US GAL) (4/CASE)

General Product Description: EATOILS™ *SUPER DEGREASER™ Equipment & Marine Degreaser / Parts Washing Solution* is a concentrated blend of 1) Bacterial spores, 2) Solvent free, biodegradable liquid surfactants and 3) Biostimulating agents formulated to quickly break down oils, fats and grease on most surfaces, while providing a safe environment for skin and clothing.

Product Applications: EATOILS™ *SUPER DEGREASER™ Equipment & Marine Degreaser / Parts Washing Solution* is a versatile, multipurpose, quick acting product that is useful for such diverse tasks as cleaning industrial equipment, pressure washing large equipment such as buses, tractor trailers, dumpsters, tanks, ships, engine rooms, etc. and for industrial and automotive parts washing. It is an ideal ENVIRONMENTAL parts washing solution for use in industrial parts washers. The microbial content of EATOILS™ *SUPER DEGREASER™* can break down the oils removed from parts during the cleaning process, thereby significantly diminishing the frequency of expensive hauling and waste disposal operations. EATOILS™ *SUPER DEGREASER™* shortens clean-up times, increases contaminant bioavailability, and initiates biodegradation on all surfaces.

Microbial Content: EATOILS™ *SUPER DEGREASER™ Equipment & Marine Degreaser / Parts Washing Solution* contains naturally occurring, non-pathogenic, waste degrading microorganisms that can eliminate a wide range of organic wastes (including hydrocarbons, fats, oils, and greases). The non-pathogenic waste degrading strains of microorganisms cause the elimination of hydrocarbons through biological conversion and activity.

Features of EATOILS™ SUPER DEGREASER™:

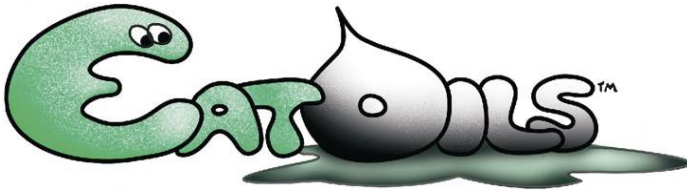

- Non-toxic, non-flammable biodegradable cleaner.
- Effectively cleans oily parts, equipment, surfaces, decks, vehicles and tools.
- Contains no petroleum distillates or solvents.
- Safer alternative to harsh caustic or acidic cleaners.
- Enhances biodegradation on all surfaces when used as recommended.
- **CFIA AND GREENER-CHOICE™ APPROVED**

SUPER DEGREASER™

EQUIPMENT DEGREASER / PARTS WASHING SOLUTION

Keeps working long after you're done!!

PRODUCT DATA SHEET CONTINUED

Operational Temperature Range: The beneficial bacteria strains included are able to sustain growth on a great many carbon sources from a low temperature of 4° C. (39° F.) to a high temperature of 45° C. (113° F.).

Physical Properties:

Appearance:	opaque liquid
pH @ 25° C :	Approx. 8.5 – 9.5
Solubility in Water:	100%
Boiling Point:	≥100° C.
Odour:	slight chemical odor

Ingredients: All ingredients are listed on the Canadian Domestic Substances List (DSL) and are classed as G.R.A.S. (Generally Regarded As Safe) and are not considered to be hazardous to the environment and human health. This product is **CFIA approved** for food plant use and **GREENER-CHOICE™ APPROVED**.

Label Instructions: Degreasing: Older, thicker grease:- Use full strength on older, heavier grease and oil buildup - for lighter oils dilute with water (up to 3 to 1) until desired level is achieved. Wet surface, apply EATOILS™ *SUPER DEGREASER™* to greasy surface and let stand for 5-10 minutes, brush to agitate and activate, rinse with water for best results. General Cleaning: Mix 5:1 to 10:1 (water to: EATOILS™ *Super Degreaser™*) depending on cleaning strength required. Parts washing applications: mix 3-5 parts water to 1 part EATOILS™ *SUPER DEGREASER™* and provide continuous aeration in the tank. Higher concentration creates more cleaning capability.

Storage Requirements: Do not store in temperatures exceeding 90° F or below freezing. Store in a cool, dry place. Wash hands thoroughly, with warm soapy water after contact. Avoid eye and skin contact. Avoid inhalation.
