

SUPERSEP™

INDUSTRIAL GREASE TRAP AND SEPTIC MAINTENANCE TREATMENT
For breaking down grease, odor control, and keeping drain lines clear
Keeps working long after you're done!

PRODUCT DATA SHEET

Product Number: 4-4780, 4-4781

Package Size: 18.9 L (5 US GAL.) PAIL, 3.78 L (1 US GAL) [4/CASE]

General Product Description: EATOILS™ SUPERSEP™ INDUSTRIAL GREASE TRAP AND SEPTIC MAINTENANCE TREATMENT is a concentrated, ready to use, fast acting formula that: 1) accelerates the digestion of fats and grease, 2) destroys odor causing molecules, 3) clears drain lines of grease buildup and other natural drain clogging materials and 4) is an ideal treatment for portable toilet systems.

Product Applications: EATOILS™ SUPERSEP™ INDUSTRIAL GREASE TRAP AND SEPTIC MAINTENANCE TREATMENT is a versatile, heavy maintenance and treatment product that provides **superior results** for dosing grease traps, toilets, sinks & drains, and septic maintenance. It is an ideal **environmentally safe** odor reducing grease trap, drain and septic treatment for use in household, institutional, and industrial applications. The microbial content of EATOILS™ SUPERSEP™ INDUSTRIAL GREASE TRAP AND SEPTIC MAINTENANCE TREATMENT can decompose the organic greases and buildup in drain lines, and reduce the odor causing components of most smelly environments.

Microbial Content: EATOILS™ SUPERSEP™ INDUSTRIAL GREASE TRAP AND SEPTIC MAINTENANCE TREATMENT contains a blend of naturally occurring, non-pathogenic, waste degrading microorganisms (microflora) that can degrade a wide range of organic components and odor causing molecules. The non-pathogenic waste degrading strains of microorganisms are of the genus Bacillus and cause the degradation of waste and odor causing molecules through biological conversion and activity.

Features of EATOILS™ SUPERSEP™ INDUSTRIAL GREASE TRAP AND SEPTIC MAINTENANCE TREATMENT:

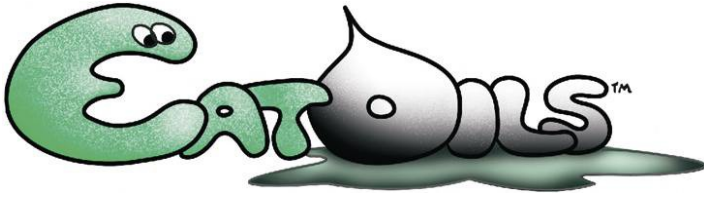

- ⌚ **Attacks and degrades grease, fats & oils in grease traps and drain lines**
- ⌚ **Kills odors in grease traps and drain lines**
- ⌚ **Ideal for maintaining healthy bacterial activity in septic & portable toilet systems**
- ⌚ Contains no petroleum distillates or solvents.
- ⌚ Inoculates odor causing molecules with beneficial bacteria that destroy the causes of odor.
- ⌚ Enhances biodegradation on all surfaces when used as recommended.
- ⌚ Safe to use – contains no harmful ingredients. **CFIA AND GREENER-CHOICE™ APPROVED**

PRODUCT DATA SHEET CONTINUED

Operational Temperature Range: The beneficial bacteria strains included are able to sustain growth on a variety of organic sources from a low temperature of 10° C. (50° F.) to a high of 63° C. (145° F.).

Physical Properties:

Bacteria Count:	> 550 billion cfu/gal (> 145 million cfu/ml)
Appearance:	Blue green liquid
Percent Volatile (by weight):	Nil (method ASTM D-93)
Salmonella/Shigella	Negative
pH @ 25° C :	Approx. 7.0 – 8.6
Solubility in Water:	99%
Boiling Point:	≥100° C.
Odor:	Mild, herbal perfumed

Ingredients: All ingredients are listed on the Canadian Domestic Substances List (DSL). All ingredients in our EATOILS™ Products are classed as G.R.A.S. (Generally Regarded As Safe) and are not considered to be hazardous to the environment and/or human health. **CFIA AND GREENER-CHOICE™ APPROVED.**

Label Instructions: For drains and grease traps: Apply SUPERSEP™ to drains and grease traps (ahead of the grease trap):- 1) diners, luncheonettes (200 gal trap) 300ml (10 oz)/day, 2) fast food, burgers, chicken (500 - 1500 gal trap) 600ml (18-20 oz) /day, 3) hotels, hospitals (1500+ gal trap) 1.0-1.2L (32-40 oz) /day. See the Dosing Guideline for further applications and dosing situations. The product may be applied intermittently or continuously by chemical drip feed mechanism.

Storage Requirements: Do not store in temperatures exceeding 90° F or below freezing. Store in a cool, dry place. Wash hands thoroughly, with warm soapy water after contact. Avoid eye and skin contact.
